	Load Review Order for the Construction and)	
	Operation of a Nuclear Facility in)	
	Jenkinsville, South Carolina)	

This matter comes before the Public Service Commission of South Carolina (“Commission”) on the October 20, 2008 request of South Carolina Electric & Gas Company (“SCE&G” or “the Company”) for an amendment of Order No. 2008-696. The Company notes that while the Commission held in Order No. 2008-696 that several documents were entitled to the issuance of a protective order as to confidentiality, Exhibit SAB-6-C was not mentioned, despite the fact that that document had been listed in the original document that requested confidentiality. SCE&G states its belief that the omission of Exhibit SAB-6-C from the order was inadvertent, and the Company now requests that Order No. 2008-696 be amended to include Exhibit SAB-6-C under the Order of Protection from disclosure, pursuant to 26 S.C. Code Ann. Regs. 103-853 (B) (Supp. 2007), which allows the amendment of any Order.

We have examined this matter, and agree that Exhibit SAB-6-C was listed in the original request for protection from disclosure, and that it was inadvertently omitted from Order No. 2008-696. Accordingly, Order No. 2008-696 is hereby amended to include
